DSG In Europe

Over the last 100 years we have been developing our network with our neighbouring countries and now DSG in Europe offers our customers a connection to every major city and port in the twenty eight European countries.

DSG operates the main container, ro/ro and con/ro terminals in Dublin, Ireland. We have direct connections to both Rotterdam, Holland and Zeebrugge, Belgium. These are two of Europe's premier ports and from these we can hub your cargo anywhere in Europe. We currently handle 145,000 lo/lo units, 180,000 ro/ro units and 105,000 con/ro units through our terminals each year

Local Expertise

Whether it is 40' reefers from Spain, pallets to France or urgent small packages to Poland we have the connections, knowledge and experience to co-ordinate your shipments from door to door.

You can depend on our knowledge of local customs regulations and our experience with extensive distribution networks to get your products to your clients on time.
